“The event was excellent! Our Quixote Consulting facilitator was an exceptional presenter and did a great job facilitating the program. He rolled with the punches and did an amazing job of turning a situation into a great learning opportunity. He has a true talent for relating to people and diffusing volatile situations. There is no doubt in my mind that everyone clearly understood the message of the evening event and enjoyed themselves. I even had people from headquarters comment that it was the best team builder that they had ever participated in.

Your company was great to work with. You were flexible to our time and size restraints, worked within our budget, and made the program seem specifically designed to our company. Thank you for a great event! If you have other similar products that we could consider you for in the future, please pass on the information. I would love the opportunity to work with you again!”

“You certainly did an excellent job last Wednesday. It all worked out perfectly! Everyone had a good day and we achieved all the goals we intended for the event.

On behalf of all of us in the Celgene OCM Department, we'd like to thank you for putting together such an informative, beneficial and enjoyable program. The afternoon was a lot of fun, having to work for our tokens by answering the challenge questions, the obstacle course and creating our TV commercials. Everyone was very pleasantly surprised by having the young man come in person to select his new bike. That was great! Last but not least, we certainly appreciate your working out the logistics with the third bicycle so that everything went off according to the plan.

Thank you so much for orchestrating the day so nicely.”

“Everything was fabulous! You did a great job and the event was a HUGE success! Everyone is still talking about it. The best part was having the children come with the charity-seeing their faces makes such a difference! Did you hear that our CEO made an additional \$10,000 donation? Isn't that great! Couldn't be happier! Thanks again for all your help.”

“Thanks for the pictures...they were great, as was the time we spent on the two exercises!! I missed saying bye to you and your team and thanking you all in person. The activities were very enjoyable and definitely demonstrated the value of collaboration in a fun way.

I am traditionally not a big fan of the “team building” exercises...mainly because they seem hokey and with no crystal clear result. With your activities and explanations, it wasn't like that at all and we all found great value in it.

I hope to see you again in the future...good luck to you!!”

“Just wanted to thank you for the wonderful event last night. The Charity Bike Build was truly awesome! The participants were talking about what a wonderful experience they had and they really enjoyed it. I wanted to let you know that you did such a great job and I was impressed with how you were able to manage such a large group and keep them focused. I look forward to working with you again in the future. Thank you.”
